Mr. Henry Chapman,

Philadelphia.

Dear Sir,

J and Mrs. Egger thank you and Mrs. Chapman very much for your kind wishes for a happy New Year.

Two months ago we had the great distress to loose our only son who died suddenly in the age of 21 1/2 years; you may imagine what a loss it is for us. Quite a little comfort was the wedding of my daughter who married 5 weeks ago.

The four ducat pieces in perfect condition are now very scarce, perhaps J could obtain 3 or 4 pieces at \$ 14 to 15 each, lots of about 100 old pieces are not obtainable.

If you can use new coined specimen with portrait of Kaiser Franz Josef, with the date 1915 only, you can get as many as you want but only upon condition that you have to send the gold otherwise the exportation of gold is not permitted. J would charge for my loss of time 10 to 15 Cents each and the expenses for customhouse, insurance, postage etc. Of large gold coins J have only a 50 Dollar piece, as in your sale of 1912 No. 3769 but it is of rather poor preservation, price \$ 85-. By reason of the customformalities it is not possible to send coins on

WASHINGTON, D. C.

CONFIDENTIAL

Dear Sir,

I am very glad to hear from you and that you are still in the service.

The report of the Committee on the Administration of the Army is now being considered by the War Department. It is a very important document and will have a great influence on the future of the Army.

The fact that the Committee has recommended the retention of the present system of promotion is a very important one. It shows that the Army is still a very important part of our national defense.

If you can not return to the service, it is a great pity. But if you can, it would be a great help to the Army. I am sure that you would be a very valuable member of the staff.

I am sure that you will be able to do a great deal of good for the Army. I am sure that you will be able to do a great deal of good for the Army.

view, J could only accept fixed orders. Payment can be made check of a bank, because personal checks cost higher expenses. - Our Museum is very poor, but they don't sell any object at any price. -

Are you interested in a very fine classic greek gem, big size about 37-44 Millim. signed by Sosis, reproduced at Furtwängler's work plate LKV No. 11? I know the owner; perhaps he would sell it at the price of about \$ 3000. -. Further I have a very rare roman military-diplom which was given 149 aft. J.C. by the procurator Pontius Laelianus of the emperor Antoninus Pius to a soldier for 25 years military-service; it is of course nothing artificial but a very interesting document of roman time, it consists of two bronze tablets in size 110 x 130 Mill. with engraved inscription. This diplom was described by Professor E. Bormann, Vienna 1893. A similar piece bought our Museum before the war at the price of Es. 10.000. -. I would sell the above described for \$ 1200. -. .

As soon as large gold coins will arrive I send you a list of them.

With kindest regards for you and Mrs. Chapman also from Mrs. Egger

Yours very truly
